PROFESSIONAL SUMMARY

4th-year Software Development student at Norton University. I build real web applications with React, Laravel and PostgreSQL, including an online bookstore, a habit planner and a bilingual clinical expert system, with secure APIs using JWT, OTP verification and Google OAuth. I focus on responsive interfaces and clean, scalable, maintainable code, and I'm seeking a Web Developer role where I can contribute to real products and grow with a collaborative team.

TECHNICAL SKILLS

Languages & Frameworks

- HTML5, CSS3, JavaScript (ES6+), PHP, Python, Java
- React.js, Tailwind CSS, Bootstrap, Framer Motion
- Laravel, Flask

Tools & Technologies

- PostgreSQL, Supabase, Oracle
- Git, GitHub, VS Code, Docker, Cloudinary, Postman
- RESTful APIs, JWT Authentication

Soft Skills: Teamwork, Adaptable, Problem-solving, Communication, Time management, Flexibility, Fast learner

EXPERIENCE

Internship Training (Weekends) — ETEC & KruITSolution — July 2026 – Present

- Web developer on a team tour booking platform, building UI dashboards and fetching and integrating REST APIs.
- Collaborated through Git/GitHub using feature branches, commits and pull requests.
- Coordinated API requirements with backend teammates and shared ideas in team discussions.

PROJECTS

Bookly — Online Bookstore (E-commerce)
Laravel, React.js, PostgreSQL, REST API, Authorization, Cloudinary | Vercel & Railway
Full e-commerce platform: OTP & Google login, cart, checkout, order tracking, reviews, admin dashboard, Telegram bot.

Loomora — Routine & Habit Planner
React.js, Tailwind CSS, Framer Motion, Laravel, PostgreSQL | Render
Productivity app where users build daily routines and reminders, with secure login, Google sign-in and email verification.

Diabetes Expert System — Clinical Assistant (Team Project)
React.js, Flask, PostgreSQL, JWT, RBAC | Vercel & Railway
Bilingual system for early diabetes screening with explainable, rule-based risk assessments and care plans. Contributed Google sign-in, UI improvements and testing.

Driving Rules — Driving Theory Learning App
Flutter, Dart, Local Storage | Netlify
Offline bilingual (Khmer/English) app for Cambodia's driving theory exam, with road-sign lessons and practice exams.

AWARDS & ACTIVITIES

AI Expert System and Innovation 2026 — Award Winner (Team) — September 2026
Competed by presenting the Diabetes Expert System, a bilingual AI-based screening tool.

EDUCATION

Bachelor of Software Development — Norton University — 2024 – Present
General English Program — Australian Centre for Education (ACE) — 2024 – 2026

COURSES

Backend Development: PHP, Laravel — ETEC — Nov 2025 – Mar 2026
Frontend Development: HTML, CSS, JavaScript, React.js — ETEC — Jan 2025 – Jul 2025
